Q0219	PATIENT RIGHTS CFR(s): 416.50 Condition for Coverage - Patient Rights The ASC must inform the patient or the patient's representative or surrogate of the patient's rights and must protect and promote the exercise of these rights, as set forth in this section. The ASC must also post the written notice of patient rights in a place or places within the ASC likely to be noticed by patients waiting for treatment or by the patient's representative or surrogate, if applicable. This CONDITION is not met as evidenced by: Based on observation, interview and record review, the facility failed to protect and promote patients rights for 1934 of 1934 patients receiving care from May 1, 2025, through July 17, 2025, when: 1. The written notice of patients rights was not displayed in the area to be easily noticed by patients, patients representative or surrogate (Refer to Q0220). 2. Expired supplies were observed in the Operating Room (OR) area and were readily available for patient use (Refer to Q0232). The cumulative effect of these failures resulted in the facilitys inability to protect the patients rights to receive care in a safe setting with, beyond the use date (expired)

	supplies, which could potentially cause harm and injuries to patients.
