	This STANDARD is not met as evidenced by: Based on review of the facility Emergency Plan, record review and staff interview, it was determined, the facility failed to develop a community-based risk assessment utilizing an all-hazards approach prior to developing the facility's emergency plan. Failure to develop emergency plans based on community-based risk assessment may cause harm to the patients and staff during an emergency if the needs of the community are not assessed and identified in the plan. Findings include: The surveyor and the Office Coordinator/Acting Administrator reviewed the facility's Emergency Plan on August 27, 2018. The plan did not include a community-based risk assessment in the development of the facility's plan. The Office Coordinator/Acting Administrator confirmed during an exit conference on August 27, 2018, the Emergency Plan did not include a community-based risk assessment.
