(X4) ID Prefix Tag	**Summary Statement of Deficiencies** (Each deficiency should be preceded by full regulatory or LSC identifying information)
E0029	Development of Communication Plan CFR(s): 485.68(c) 403.748(c), 416.54(c), 418.113(c), 441.184(c), 460.84(c), 482.15(c), 483.73(c), 483.475(c), 484.102(c), 485.68(c), 485.542(c), 485.625(c), 485.727(c), 485.920(c), 486.360(c), 491.12(c), 494.62(c). (c) The [facility] must develop and maintain an emergency preparedness communication plan that complies with Federal, State and local laws and must be reviewed and updated at least every 2 years [annually for LTC facilities]. This STANDARD is not met as evidenced by: Based on review of the facility Emergency Plan, facility record review, and interview, it was determined the facility failed to develop and implement emergency preparedness Communication Plan that complies with Federal, Sate, and local laws and must be reviewed and updated at least annually. Failure to develop a Communication Plan could delay the process for treatment of patients and staff during an emergency. Findings include: The Officer Coordinator/Acting Administrator and the surveyor reviewed the facility's Emergency Plan on August 27, 2018. The plan did not include emergency preparedness Communication Plan that complies with Federal, Sate, and local laws and must be reviewed and updated at least annually. The Officer Coordinator/Acting Administrator confirmed during the exit conference on August 27, 2018, the facility Emergency Plan did not include emergency preparedness Communication Plan that complies with Federal, Sate, and local laws and must be reviewed and updated at least annually.
