The dialysis facility must develop and maintain an emergency preparedness training, testing and patient orientation program that is based on the emergency plan set forth in paragraph (a) of this section, risk

	assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training, testing and orientation program must be evaluated and updated at every 2 years. This STANDARD is not met as evidenced by: Based on the Rural Health Clinic's (RHC) policy review, review of the Emergency Preparedness (EP) manual, and interview, the Rural Health Clinic (RHC) failed to provide initial Emergency Preparedness training for all staff. The findings included: Review of the Rural Health Center's policy, "Emergency Preparedness", revealed, "It is the policy of . . . to comply with all Federal, State, and local law regarding community emergency preparedness and to maintain an emergency preparedness program in compliance with 491.2 Emergency Preparedness . . ." Review of the Rural Health Clinic (RHC) Emergency Preparedness (EP) Manual, revealed that the facility failed to provide initial EP training for all staff. During an interview on 3/3/2026 at 11: 00 AM, the Administrator/Owner stated that no initial EP training was provided for the staff.
