The [facility] must develop and maintain an emergency preparedness plan that must be reviewed, and updated at least every 2 years [annually for LTC facilities]. The plan must do the following:] (4) Include a process for cooperation and collaboration with local, tribal, regional, State, and Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation. * * [For ESRD facilities only at 494.62(a)(4)]: (4) Include a process for cooperation and collaboration with local, tribal, regional, State, and Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation. The dialysis facility must contact the local emergency preparedness agency at least annually to confirm that the agency is aware of the dialysis facility's needs in the event of an emergency. This STANDARD is not met as evidenced by: Based on the Rural Health Clinic's (RHC's) documentation review and interview, the RHC failed to maintain an Emergency Preparedness (EP) plan that was reviewed and updated every two years and include a process for cooperation and collaboration with local, regional, State, and Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation. The findings included: Review of the RHC's documentation revealed that the RHC did not have updated processes to maintain integrated responses with EP officials since 2022. During an interview on 3/17/2026 at 11:00 AM, the Office Manager (OM) stated the RHC did not have documentation of updates available for review. During an interview on 3/17/2026 at 12:00 PM, the Administrator stated the RHC did not have documentation of updates available for review.
